That You and Your Purchases May Arrive Together!

As far as is humanly possible the Macy delivery system is delay-proof. Even when the onrush of Christmas shopping places its burden on the delivery system it rises to the occasion and puts forth almost superhuman efforts to maintain its schedule.

But when it is necessary to call several times at a house or apartment before anyone can be found to receive the package, there is a delay that no system in the world can prevent.

During these days when your home is so apt to be left without any one to receive deliveries, it will help you to get your purchases when you want them, if you will carry with you all small parcels.

Dot and Tot In Wonderland

A page from Santa's Diary.

Dec. 3, 1921.
Dot and Tot came to Wonderland to-day. Dot has a little turned up nose and Tot's cherry pink mouth was wide with wonder. They were very excited.

"What shall I bring you, my dear?" I asked, shaking Dot's tiny soft hand.

"Ananamlaggen," said Dot, gravely. Now I know all my toys by name and nickname, but I couldn't remember anyone named that. Ask her what it was? No, indeed! I said, "I surely will." And what do you want, Tot?"

"Ananamlaggen," said Tot, gravely. What a quandary! But I didn't have long to wonder. All of a sudden Dot and Tot skipped little skips to a counter, both crying with delight, "Ananamlaggen." And what do you suppose it was?
